

# How To Play

If a word is made the letter points are summed and added to your score upon pressing the category button.

Get bonus points for letters with white boxes, whereby the score is multiplied by the factor in the top left corner.

Words can be any length and blank spaces can be added by dragging the blank tile at the bottom right onto any letter.

The *bomb* piece

will eliminate an entire row.

The *nuke* piece

will remove all pieces

Earn enough points in a row to get bonus *bomb* and *nuke* pieces.
